RESILIENCY SUMMIT

"Young People are not just the leaders of tomorrow-- they have a great untapped potential for responsible leadership today."

Brendtro, Brokenleg and Van Brockern

WINTER SPORT INSTITUTE (WINSPO) CANADA OLYMPIC PARK TREATY 7 TERRITORY CALGARY, ALBERTA NOVEMBER 27-28, 2019

HEALTHY, RESILIENT INDIGENOUS SCHOOL COMMUNITIES

Ever Active Schools is hosting its fourth annual Resiliency Summit from November 27 – 28, 2019. This year, we expect approximately 400 Indigenous youth, educators, community members, Elders and researchers from the education, health, active living, corporate, research and recreation sectors.

The Resiliency Summit is an opportunity to amplify the importance of student leadership, wellness, culture and learning in First Nations' and Métis' schools across Alberta, as well as coordinate action across communities.

Attending delegates can expect to experience two days of learning, activity, networking, intergenerational exchange, cultural connection, collaboration and inspiration.

Partnering with the Resiliency Summit allows organizations to demonstrate their commitment to the health and wellness of Indigenous children and youth on a provincial level. A partnership with Ever Active Schools also lends weight to the activities of partnering organizations in the areas of mental health, physical activity, healthy eating, leadership, cultural connection and overall development. Partners will be exposed to delegates from education, public health, sport and recreation sectors, which offer further opportunities to help students achieve a prosperous and successful future.

The Resiliency Summit is also a great opportunity for your organization to gain exposure and drive your brand awareness. As a partner, your brand will be prominent in our print program, on our website, and at the venue. We believe the health and wellness of Indigenous children is a shared responsibility, and we aim to work alongside partners to provide collective support for health and wellness in Alberta Indigenous school communities. We offer four different partnership packages, to meet what your organization can offer.
